

AGC has served over **425** moms and babies. In the 2012-2013 fiscal year we served **26** moms and **23** babies. Average length of stay was **229** days.

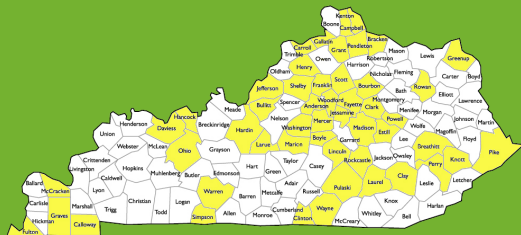

Foster Care is our newest program and we have already seen miraculous results.

- Certified **6** Outstanding Families
- Placed **4** youth in loving homes
- Provided **5** youth respite placements

Our residents have represented **46** counties within Kentucky.

Education is key in helping our moms become successful.

- 5** High School Graduates
- 2** Received their GED's
- 3** Began College

Proof that love, encouragement, guidance and support make a difference!

Income

It hurts my heart to think about what my future or my children's would have been without AGC. The majority of us there was continuing a cycle in our family and with the help of the staff and God I was able to break that cycle. My life was forever changed for the better and I am so thankful for the lessons and life long friendships!!!

~Natasha

Expenses

For over 14 years, AGC has been making a difference in the lives of young people, one mom and baby at a time.

With fewer moms able to return home, the need for loving, devoted families to further what AGC has started is growing. Join our Foster Care Program and help these young girls become a loving parent.

THANK YOU for your continued support! We could not do it without our faithful donors, volunteers and church families.
