## Testimonials...

"All God's Children's (AGC) mission and ministry resonated so much with our family that we had to respond! Please join in the effort to ensure children are loved, cared for, protected, and cherished." *Ked & Michelle, Foster parents*

"We give to AGC because they provide a bridge for pregnant and parenting teens to having a healthy baby...one with Christ in their life..." *Fred & Jennie, Donors/Volunteers since 2004*

"Because I took that step to help one child in Kentucky, I have been blessed to be loved by a beautiful child..." *Casondra, Adoptive parent*

"Looking back, I know I did enjoy being at AGC, and I was given some of the best life skills and tools that I could use towards being a good mother. Today, my life looks different. I'm in the healthcare field, working on my LPN and Lord willing, maybe one day I will be a RN." *Lena, AGC former resident*

## Our Mission Statement is Nurturing Children // Investing in Families

Ways All God's Children interact with hurting families to change lives....

- Offer housing to pregnant or parenting teens who have been abused, neglected and traumatized. We do this in three ways: Group living, Independent Living and through individuals who will open their home and family (foster homes) to hurting teens and children.
- Provides individual counseling, group counseling, family counseling and help families get what they need to remain intact.
- Foster Homes of families willing to open their homes and heart and
- A Nationally Accredited Early Learning Center that cares for the babies/toddler in support of our other three programs.
